WARREN, PENNSYLVANIA

Thursday, April 8, 1954

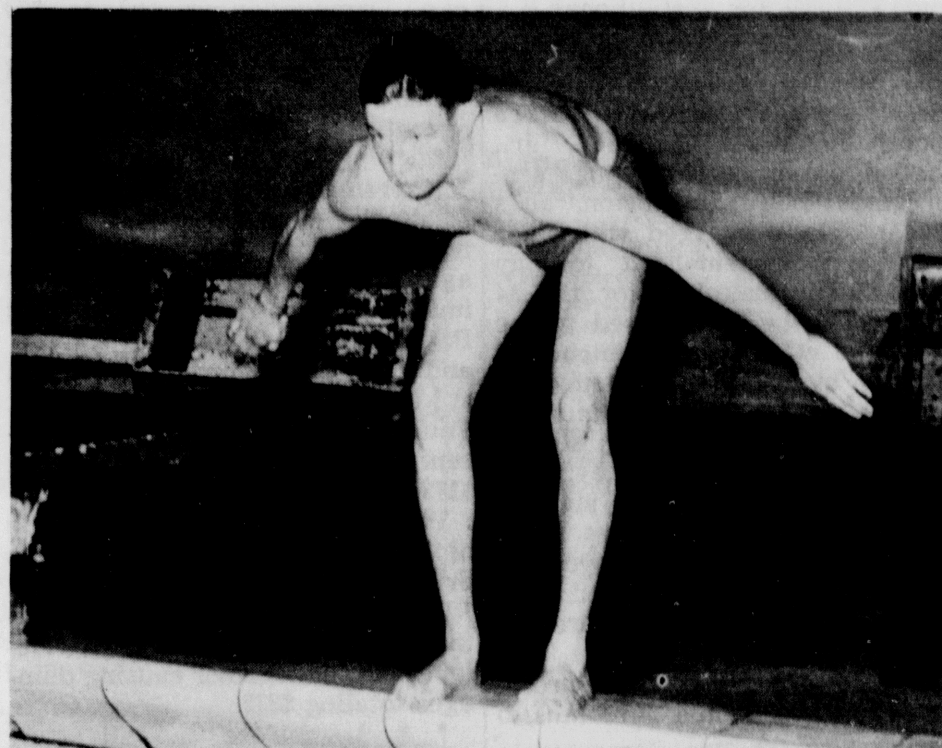

5 Cents A Copy

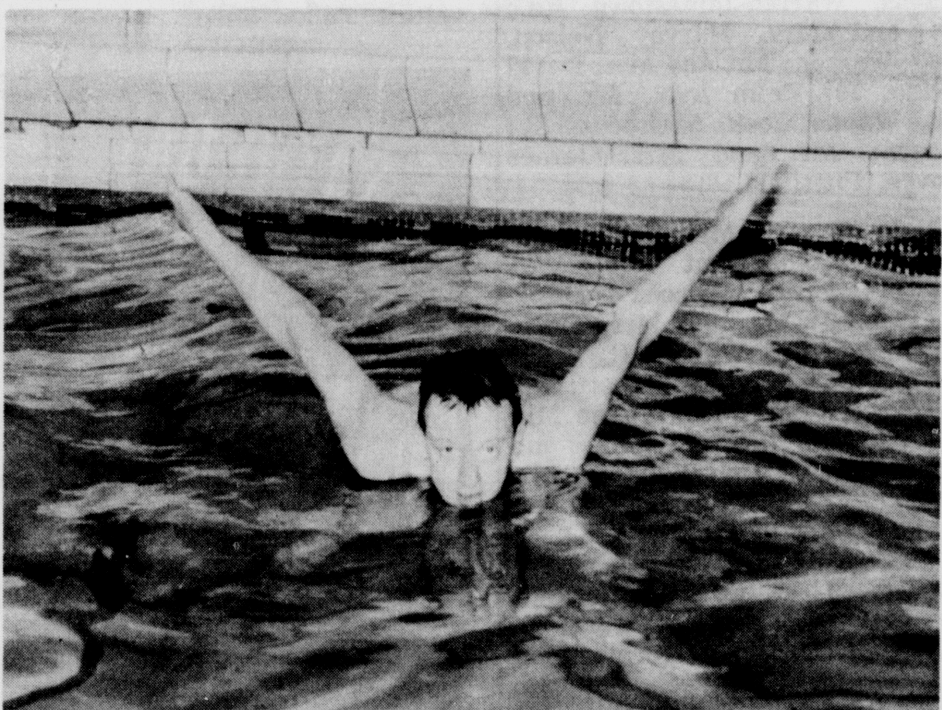

PRACTICE is recommended by coaches Herb Pfuhl and Paul Steinkamp in order to win in the state tourney. Getting instructions are Norman Main, Don Dinsmoor, and Roger Cliquennoi.

JAMES MAHOOD, diving artist, will qualify in the front, back, running and summersault dives.

TOM WOOD uses his speed in the 50, 100 and 200 free style events.

NORMAN MAIN, who placed first seven times this year, does the butterfly feat.

A Salute To The Y Swimming Team

A popular sport throughout the country, swimming, made good in Warren this year when two capable men, Paul Steinkamp and Herb Pfuhl, organized a YMCA aggregation made up mostly of high school boys.

Since basketball takes the spotlight during the winter months, there was a need for another activity for the boys who did not qualify for the cage game. That's when the local Y moved in. Herb Pfuhl, current physical director, was well qualified for the position as one of the instructors since he had his own swimming team at Johnstown last year.

At Johnstown, Herb's team did well, and then took eight medals in the state tournament and placed second before losing to the Allegheny Y of Pittsburgh.

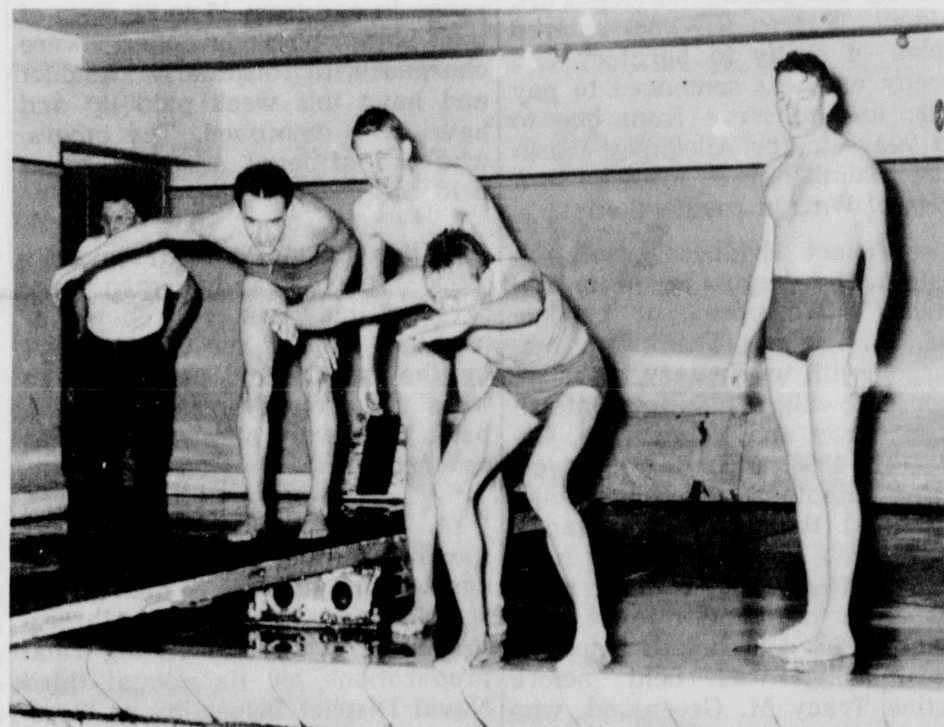

This year the Warren squad impressed the instructors due to the full cooperation they received. Hard work was required and the lads practiced after school and just about every evening for at least two hours. The boys were taught the fundamentals of swimming and special stunts, strokes, turns, and diving.

Warren lost its first two meetings with Jamestown and Erie but from then on they improved tremendously. The outfit won the rest of the six matches and was one of the best conditioned teams in this district.

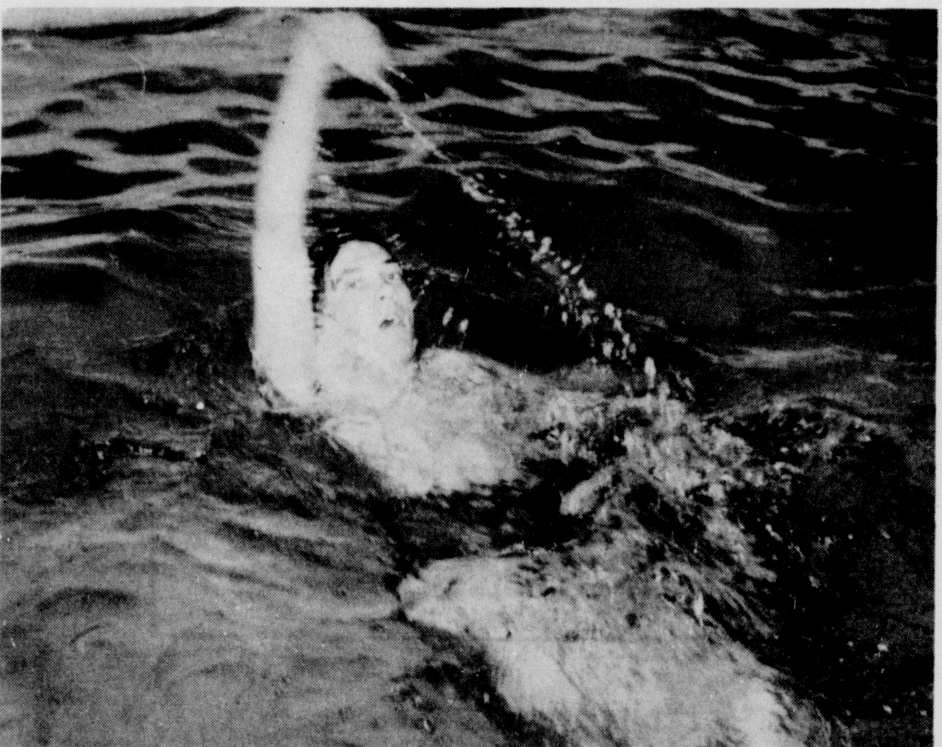

Now comes the big event. The boys, senior and prep, go to York on April 10, for the state's tourney. All individuals will try their best, but the squad really has its sights set on next year when the full group will return with a year's experience under their belts.

For the tourney Warren has eight senior boys who look promising, including Don Dinsmoor who placed first thirteen times during the season. His 50 yd. free style and 100 breast stroke compare with the best in the state. He also does the 40 yd. free style in 19.6 seconds.

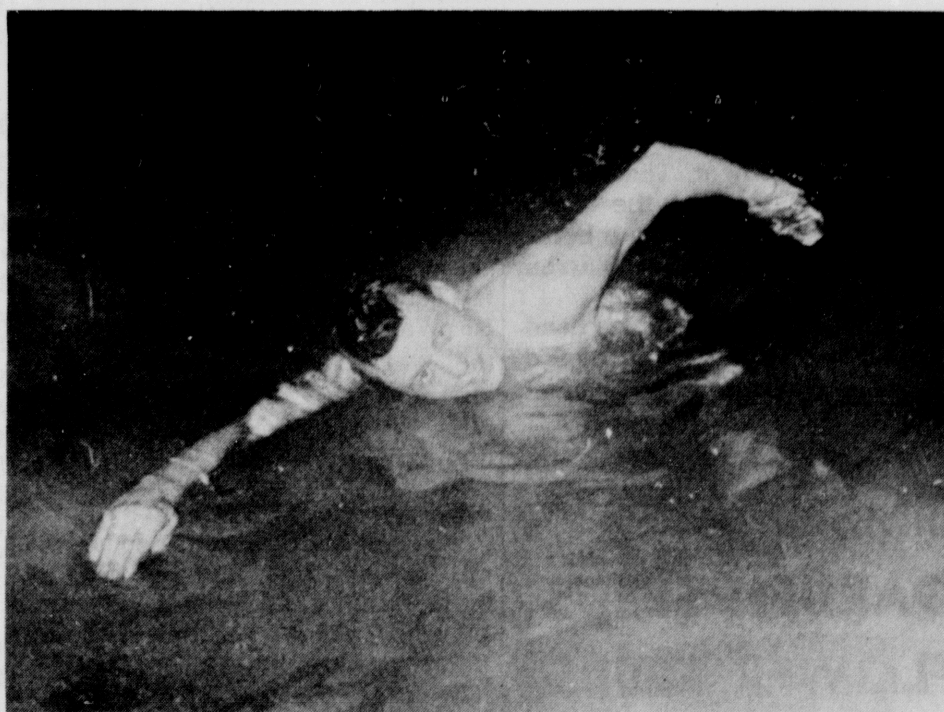

Other boys, such as Norman Main, Tom Wood, Bud Phillips, Roger Cliquennoi, Jim Mahood, Pat Madden, and Judson Disello will be in there for the medley relays, free style relay, and other events.

TENSE MOMENT as Norman Main is ready to jump in the Medley relay. Other boys are Jim Mahood, Don Dinsmoor and Tom Wood.

ROGER CLIQUENNOI, a specialist in the 100 yd. backstroke and member of the Medley relay.

DON DINSMOOR, top scorer of the team, excels in the 50 and 200 free style. He also helps the Medley relay team.

We feel that the Y and the group have done a grand job and hope they do even better at the tournament.

The season's record showed Warren losing to Jamestown, 29-28, and Erie, 45-30. They won over Bradford twice, 46-12, and 57-8; Oil

City twice, 47-12, and 45-20; Meadville once, 52-14; Jamestown, 36-30.

For the individual's record Don Dinsmoor had 92.2 points, Norman Main 48.6, Tom Wood 44.8, Bud Phillips 41.2, Rog Cliquennoi 33.6, Jim Mahood 31.4, Pat Madden 5.4, and Judson Disello 3.1.

COUNTY NEWS in brief . . .

Up Go Your Taxes a seven mills if you reside in Warren county. And you can add at least one more mill no matter where you live in Warren county. The Warren county commissioners have a budget for 1954 that will require two more mills for general operation, two more for institutional, and five each for a total of six last year. The budget for 1954 reads \$296,975 for county and \$151,980 for institutional.

At Special Session Of Pleas court Wednesday, county Judge A. C. Flier handed down the following sentences: Richard L. Norton, charged with burglary, was sentenced to 92 days in jail. Being charged with the same charge in Colerain county, Ohio, and having his days in jail here already turned over to the ties from Ohio yesterday.

Grant L. Bentley and Benson, two area men charged with burglary and larceny entered a plea of guilty and Bentley sentenced to pay the cost of prosecution, a \$10 fine, and 18 months in the Pennsylvania state penitentiary. These two confessed to entering a number of Warren houses and stores stealing M. G. Keller's car.

Robert Edmiston, Oakville resident, Warren RD one, entered the same plea of guilty to burglary and was sentenced to two years in the Allegheny house. Edmiston was involved in a series of Warren county thefts.

Insufficient Evidence was produced by the commonwealth to hold Robert V. Thompson, of Youngsville, for court. Thompson was charged with involuntary manslaughter following a car accident between Corry and Youngsville, October 19, 1953, when a passenger, Harland Redmond, of Youngsville, was killed. Redmond was instantly killed when he was thrown from the car after it had left the road, crashed a tree and a barn, and travelled 900 feet before stopping. The hearing was held before Justice Tracy M. Greenlund, who pointed out that he was not ruling on the guilt or innocence of the defendant. He found that there was not enough evidence to warrant holding him for court. Thompson was represented by Attorneys Harold S. Hampson and Samuel Bonavita.

Mr. David Levine, manager of the local branch of the Pennsylvania State Employment Bureau states that the Warren county employment situation is gradually showing improvement. The Warren Manager indicates that the trends are very slowly pointing to a better employment condition in Warren.

According To State Police a head-on collision of cars driven by Ed-

ward C. Voconti, 26, Sharon, Pennsylvania and James Blume, 25, Warren, occurred Monday on Route 1 at the F and N crossing. Occurrences of the Blume car received several injuries. Jake Blume, 18, suffered facial lacerations, and Blume, sustained body, chest, back and hip wounds. They were admitted to Warren general hospital for treatment, along with James Blume, the operator of the car. Damages amounted to \$70 the Voconti car, and Blume's car was completely demolished which would set his property damaged at about \$1600.

Warren Boro Police report a relatively quiet week, with only a few accidents causing minor damages. Last Friday a two-car deal involving autos driven by Richard Ferry, 102 Center st., Warren, and Carl R. Gustafson, 9 Crown st., Jamestown, N. Y., occurred at the intersection of Hickory st., Warren. Damages were estimated at \$375.

However, City Police Had A Busy Night last week when they apprehended five Warren and Warren area hot-rodders who started a series of mischievousness at Frewsburg, N. Y. and ended on Warren's side leaving behind them a trail of broken windows, neon signs, and street lights. The boys, in age from 17 to 21. Two of the boys, both juveniles, were charged with disorderly conduct and have this week paid up and have been dismissed. The others, who are of legal age, are being held for court action.

Justice Of The Peace Greenlund's office reports that two men were arrested this week on a charge of intent to defraud the Carver hotel by the issuance of checks which were not properly covered at the bank. However, a settlement was reached Monday afternoon.

Lt. Cmdr. P. C. Brase, commanding officer, announced Wednesday that the U. S. Naval Reserve Surface Division 3-68, Jamestown, N. Y., is completing final preparations for its annual third Naval District Inspection on Tuesday, April 13. A party of four officers is expected to be on hand from the district headquarters in New York City.

Nine Warren county men are currently serving a two-week training cruises or attending schools as members of the above Division in Jamestown. The men are H. E. Beers, A. E. Heubach, C. R. Jones, G. M. Logan, M. R. Phelps, R. E. Snyder and J. D. Wolfe, of Warren; J. A. Brittain of Youngsville; and R. E. Schwab of Tidioute.

Elected To The Northwest District Committee at the annual meeting of the District YMCA in Corry Monday evening were Alan H. Templeton, president, and Dan K. Walton, general secretary of the Warren YMCA. The meeting in Corry was highlighted by an address by E. A. Simon, President and general manager of the Tarentum Valley Daily News.

Warren State Hospital local 469 of the American Federation of state, county and municipal employees held a meeting Monday night and heard an address by Edward Dailey, international representative. Mr. Dailey spoke on the benefits of workers being organized. Jack Henry is the president of the local group.

RETIREES. Jesse Smith, councilman from the Third Ward in Warren, and also county chairman of the Republican party, is retiring from his council post, to which he was elected last fall for the fifth time. Mr. Smith is chairman of the public safety committee, which supervises the police and fire departments. The resignation probably will be accepted at Monday's council meeting. It is expected that his successor will be Harry Logan, Jr., who will be nominated by Glen Patchen, the other Third Ward councilman.

THE ENGLEHARDT SISTERS and their accompanists, regularly featured on the Pleasant Township Firehall Jamboree Friday nights, will be seen on television, Buffalo WBEN, on April 25. The show is Sunday Party which is viewed at 6 p. m. This group has been entertaining at Veteran's hospitals in the area under the sponsorship of the Texas Lunch and Gene's Service Center.

Warren County Common Pleas court Wednesday morning approved the articles of incorporation for the Lander Volunteer Fire Department, according to the Prothonotary's records.

Sixteen Members Of The Warren High School orchestra will take part in the annual Northwest district orchestra festival at the Oil City high school auditorium beginning at 8:00 p. m., April 10. Members selected to participate are Allen Bergman, Julia Cheronis, Shirley Ann Johnson, Josephine Tigan, Patricia Atkins, Eleanor Constable, Phoebe Jewell, Warner Ahlgren, Margaret Eaton, Carol Douglas, Andrea Wright, Maija Baumanis, Rebecca Munn, David Lindbergh, Charles Eaton, and Patricia Harrington.

According To Information from the Department of Welfare, Harrisburg, the Warren County children's Aid Society is one in 27 Pennsylvania counties added to approved list.

Picking The Winner of the Pennsylvania Future Homemakers essay contest were four Warren residents and a Miss from Couderport. They named Joan Lyon, of Dalmatia, the best. Warren judges were Rev. Frederick B. Haer, Mrs. Helen Morrow, Herb Harris, and T. R. Sponsler. Miss Elverda Fagley, Region A and Warren county FHE adviser, was chairman of the essay project.

OBSERVATIONS

By Bob Walsh

SEWAGE PLANT FORUM

The Warren Junior Chamber of Commerce presented a forum, Sunday, on the Warren sewage plant problem, and no doubt the result will be some thinking and discussion on the part of many citizens. Such forums when limited to a single half hour can do little more than stir up interest.

One bit of an item was shrugged off in the questioning, and was

deserving of much more attention. It was asked if some storm sewer water was being emptied into sanitary sewers and if this would have to be changed. Councilman George Geracimos said that the sewers need some water for flushing purposes and that these connections will be left alone for that reason.

The problem is much greater than that. There are large areas of Warren where storm sewers either do not exist at all, or are wholly inadequate. To empty the large flow of storm and surface water from these areas into the sanitary system would add so much

volume to the amount treated by a plant that the construction cost would be greatly affected.

It is estimated that the needed storm sewers in just one corner of Warren will cost about \$50,000! And we know streets in other areas where there are no storm sewers at all. Perhaps a bit of water here and there will be a help to the flushing job, but certainly this does not mean entire streets, and certainly not many blocks of streets.

Too Large A Plant?

It also was stated that a plant was being planned to accommodate 30,000 people. Is this because we are aware of the large volume of storm sewer water that must be treated? If not, are we expecting Warren to double in size?

Warren has stayed at the same population figure three or four decades. On what basis do we assume that it will double in area or numbers? We do not apply this policy to other projects, such as schools, gymnasiums, auditoriums, and similar facilities when drawing plans. Why are we doing so in the case of sewage?

We are not opposing a policy of building for the future, but isn't it possible to build a plant that will handle a third or a quarter more than apparently is in need of processing, with plans prepared that will allow for expansion if the future demands. If at a later date more neighboring areas join us than the plant can handle, let them help finance the addition.

If we were to take in all of North Warren, Pleasant twp. and Starbrick, the number would not be close to thirty thousand.

Will The Plant Be Flooded?

As for flooding the site purchased for the plant, we do not doubt that a plant can be built up in such a way that it will not be saturated by high water, but we also know that a large portion of the area in which the site is located does flood at high water. If only the high land is to be used it will not be flooded, but if the lowland portion of the site is to play a part in this processing procedure, flooding becomes a part of the problem.

It was said that the Chester engineers recommended this plot. If so, they handed us one which will be expensive to build. Because we will need a dyke to protect the plant, and it will need to be a plant on a foundation which might be compared to stilts. This may be a problem when the river overflows areas such as the West Side and other lowlands. We will have the drainage of floodlands to process in a plant that is on flood level.

This sewage plant is not a snap of the finger in Warren. It poses some problems that will not be simply or inexpensively handled. It is why we often have written that a Kinzua dam, or some kind of control, will do much to alleviate the pollution problem in Warren county.

How To Assess

Obviously the plant will have to be financed by an authority, thus avoiding debt limit restrictions. And the costs will be paid by a special assessment. Panel members said that the best method is a sewage rental based on water consumption and billed by the water company.

Back in December, 1948, we reviewed briefly the methods available for this assessment. We placed water consumption at the head of the list, but if a community does not own its water plant this can develop problems. Other methods

include equitable charges based on the number of plumbing fixtures, the number of rooms, the number of persons in a building, or by using a combination of these methods to augment a classification system, with residential, commercial, and industrial rates. Some base their rates on the number of sewage connections, and others on a footage basis.

The two best and most popular are the water consumption and plumbing fixture methods. To reveal how important it is to minimize the amount of excess water processed by the plant, some municipalities make reductions in the sewage rental for plants which do not dump their industrial water into the system.

To avoid overcharging, winter water rates often serve as the basis because of the large amounts of water used by some in warm months for gardens and similar purposes. Thirty percent of the water bill is charged by one nearby community.

One town which determines its sewage rental by plumbing fixtures, charges \$2.50 for each toilet, \$2 for each bath, \$2 for a sink, \$1 for a drain. These usually are annual assessments and vary from as little as forty cents for a toilet in Yeadon to the \$5 charged for the same fixture in Royerford. Such a process requires licensed plumbers and inspection.

It is quite a subject and one

which this paper has discussed about fifteen times in the past five years with extensive articles on all aspects. There are some other facts and figures upon which we will touch soon.

Off The Beat

Daily Proposes Gouging

We understand that a Buffalo group wants to present an acrobatic exhibition, simulating wrestling and foul play, on Memorial field. We also understand that the local daily's sports column recently proposed the presentation of professional kicking, gouging, butting, and pretended mayhem in Warren, and gave it a halo by suggesting the profits go to charity.

If Warren must stoop to burlesque for its charities why not bring in the real stuff. What is there about a show involving half dressed ladies that is worse for the morals than the unsportsmanlike presentation of a few tons of masculine flesh with more showing than you will find in a chorus line? At least the ladies are sincere about their bounces.

Warren and Warren county have reached a new low if they must present this level of entertainment to support their charities. The people who gather around the ring-side and scream for a contender's blood obviously know little about sport, can't spot a phoney, and have been helped into this mental state by so-called sports writers who owe more than that to their readers (or listeners).

Our Secret Defense Weapon

A short while ago we were contending that Warren county had no civilian defense and we thought this was gross inefficiency. The average resident had no idea what he was to do if a raid were announced and there was no way of announcing a raid.

But the public must have sensed the truth. While we were reading booklets and attempting to instruct people in the intricacies of crawling into a cellar corner, the H bomb was being developed.

The defense against this one is easy and inexpensive. You need no fancy shelter. You need not supply in a secret cache.

Civilian defense has been made very simple. Just scam, and take your groceries with you.

Another Rumor

And now they have a rumor about the new polio vaccine. They are saying that it causes the disease. Why do people do this? The truth is that the vaccine has caused no harm in thousands of cases. In fact no child has even had a sore arm!

Weather Too Nice

We are sorry the cold weather ended. If it had lasted much longer the people of the world would have blamed it on the H bomb. They might not do anything about ending war, but let them find a way to end winter and peace will be assured.

There is No Goal being publicized in connection with the current cancer drive. Obviously this fight needs all it can get. You will have to be the one to decide how much it is worth to save your own life and the lives of those you love. With one in five falling victim to this disease, your contribution rates a very personal measure.

The need for Warren County will be at least \$5,000, of which \$1500 will be used to provide special photographic equipment and other items to be used in the Warren General hospital tumor clinic. To give the disease a full time battle an executive secretary has been employed and the office on Market st. will be open every day. The latest literature on methods for combating the disease will be constantly added to the local supply, and there is much work to be financed.

Many organizations may give to this campaign, one of which is the Warren Grange which voted a donation at its last meeting. Individuals can send their checks to Box 59, Warren. Up to now they have sent only \$945!

That is not enough if Paul Harrington, the chairman, and Knox Harper, his assistant, are to come up with enough money to give cancer a battle in Warren county.

One of the important weapons to be purchased is a machine for detecting cancer in children. If you are not worried about yourself, you may be amazed and moved to action by the fact that more child-

ren between three and fifteen years of age die of cancer than any other disease. It is not solely an adult problem.

Just Ten Districts were represented when the Hot Stove league met to elect officers, Tuesday night. That's not enough if there is to be a league this summer. The fact that a president, Rog Hendrickson, has been chosen doesn't mean that those who believe this is a worthwhile project now can sit by and see it happen.

Obviously, districts that are not represented at the meetings coming up will not have teams for their boys. The meetings will be held Wednesdays, at 7:30, in the Trinity Memorial church. If you want your district boys to play ball, be there next week.

McCarthy Didn't Answer Edward R. Murrow in his movie on the Murrow program Tuesday night. He said in effect that Communism is a danger to freedom. Any think-

ing American, including Edward R. Murrow, readily agrees. He said the Communists hate him and applaud Murrow. This makes him right, says he.

If he were Adolf Hitler and were at the head of the same committee the Communists would hate him, too. And if he were Stalin, or any despot you want to name, and was chairman of our Senate committee, he would be hated by the communists.

But we do not want Hitlers or Hitler methods used to fight our battles. It is not the enemy we are condoning. It is the method used, which hurts many innocent people and violates the very foundations of our constitutional freedoms, which men like Murrow are abhorring.

It takes real courage to oppose a McCarthy when any opposition is branded as fellow traveling. We look forward to Mr. Murrow's answer, which no doubt will be seen next Tuesday night, at 10:30, over both Buffalo and Johnstown.

Another TV Station may be beamed into our area soon. An application has been filed for a VHF station to be located in Pittsburgh and to use Channel 11. KDKA is one of the applicants.

THAT DIABETIC CANDY at Geracimos is a steady seller, according to George Geracimos who makes it in his own shop upstairs above the restaurant. Pretty waitress Frances Tomassoni takes quite a few packages every week from the show case for customers who aren't allowed to eat sugar. The candy is made of ingredients which do not include the kind of sugar considered harmful to diabetics.

Things to Come

Holy Week Services......Warren noonday Holy Week services will be held in the Bethlehem Covenant church on Market st., from 12:20 to 12:50 daily through Thursday, with Dr. Harvey D. Hoover as the guest speaker. The Good Friday service will be held in the First Methodist church, from noon until three o'clock.

Inch By Inch Dance......The Warren Y-Teens will sponsor an Inch by Inch dance tomorrow night at the YWCA at 8:30 p. m. to raise funds for 14 of the "Teens" who are traveling to Cleveland to see the opera "Carmen" April 21. Jane Paucek, chairman for the affair, reports that many surprises are in store for those attending.

B.P.W. Meeting......The regular monthly meeting of the Business and Professional Women will be Tuesday, April 13 at 6 p. m. The new slate of officers will be presented following dinner.

Dessert Meeting......Wives of Warren boro ministers will be the guests at the YWCA Dessert meeting Friday, April 9 at 1:30 p. m. The Rev. C. F. Sparks will read the Easter story and the Philomel chorus will give a program of Lenten music.

Girl Scout Board Gathering...The Girl Scout Board will gather Tuesday, April 13 at 1:30 p. m. Members will meet at the Girl Scout office.

Kiwanis......Members of the Kiwanis Club will attend Holy Week services in a group and then adjourn to the YWCA for their weekly meeting, Wednesday, April 14.

Boy Scout Board Meeting...Members of the Boy Scout Board will meet at the Blue and White Restaurant Monday, April 12, for their monthly meeting, starting at 6:00 p. m.

Allen Class Speaker......The Allen Class of the First Methodist Church extends a cordial invitation to the people of Warren to come and hear the Rev. Alice S. Beals of Franklin, Tuesday evening, April 13 at 8 p. m. Rev. Beals who was born in Lisbon, Portugal has traveled extensively and has a wealth of material and experience to speak from.

BloodbankThe bloodmobile will be stationed at the Methodist church in Youngsville, Tuesday, April 13. Donating hours are from 11 a. m. until 5 p. m.

Youngsville Night Of Harmony...The Warren chapter of the SPEB SQUA will present a Night of Harmony in the Brokenstraw Valley Joint school house, Friday, April 9 at 8 p. m. A featured attraction

of the show will be a quartet from Cleveland, Ohio, the "Four in a Chord". Tickets may be purchased from any member of the club.

Dinner-Dance Club......A dinner will start at 8 p. m. for members of the dinner-dance club this evening in the YWCA.

Lions......The Lions Club will go in a body to the Bethany Covenant church for Holy Week services Tuesday, April 13. They will hold their weekly meeting at the YWCA directly after the services.

Woman's Club Luncheon.....The annual luncheon meeting of the Warren Woman's Club is scheduled for Saturday, April 10 at 1 p. m. when there will be an election of officers. Mrs. J. J. Rogan and Mrs. A. E. Soderholm are in charge of the decorations for the afternoon. Walter Whaley will furnish piano music.

Blue Triangle Club......The Blue Triangle Club will convene Monday, April 12, at 5:30 p. m. in the YWCA.

C.B.M.A. Tray Supper.....A tray supper will be held by the Christian Business Men's Association tonight at 6:15 p. m. at the YWCA. After the business meeting in charge of chairman James Holmberg, the group will travel to the First Baptist church for services.

Drama TV Radio Music Reading Hobbies

The daylight saving one is with us again. This is one of those subjects that is as touchy as religion. Perhaps our great, great, plus many more great ancestors started it when they differed over whether the sun was a god or a godsend.

There are those who now would have all who are opposed to the daylight saving time idea, as applied to May and school days, speak up in concert so that the Warren borough council may be influenced into a daylight saving period that starts in June. There are some twisted facts to be found here.

In the first place the Warren borough council does not legislate the time. It only recommends that all residents of Warren join with the vast majority of other communities who do business an hour earlier from late in April to late in September. And the merchants, plant operators, and all others who must do business within the same framework of hours as their customers, in and out of Warren, follow this recommendation. Some would anyway.

Daylight saving always has seemed to us a good example of community cooperation and consideration for others. No matter how you live those summer hours there will be those who will be inconvenienced and there will be those who are not inconvenienced but will be against whatever you do. However, a little understanding and a little imagination will help most people adjust to this simple expedient of enjoying another hour of daylight.

This is play time, and it seems we have too little of it in the fresh air and sunshine, unless we are fortunate enough to be among those who can journey south for the cold months. We wonder why a few should so violently deny the many this extra time?

We who work in offices and in many stores are not fortunate enough to start home at 3:30 or four in the afternoon. And we stay on the job until five, and perhaps longer, for the convenience of those who enjoy the early hour of reprieve.

To delay the practice of daylight saving time until June and to terminate it at the start of September would defeat its purpose. It is in May and September that we enjoy our greatest benefits from daylight saving. In most of June and July the days are very long without daylight saving.

And for business efficiency it would be best to forget the entire

idea rather than double the confusion by having two starting and two ending dates for the many who must remember schedules and do business with buyers and sellers in other cities.

There will be eight hours of sleep in total darkness available to those who must rise at seven in April, May, and September. We believe that the majority can schedule themselves accordingly if they work at it.

And so while one group urges you to express your opposition to daylight saving, Play Time urges you to do just the opposite. Let's vote for 150 more hours of sunshine in the summer of 1954. The equal of nineteen eight-hour days in Florida!

* * *

Big news in television for Warren area viewers is the gradual change-over to CBS programs by Buffalo WBEN, the reception of which is consistently good for the majority of set owners. The change-over in itself is not so important, but the program shift of next Tuesday brings to area screens what many consider to be the best program on the air.

This is Edward R. Murrow, whose radio and television news broadcasts are classified as blue ribbon stuff. The change takes place at a time when much attention is centered on Murrow's program through his expose of Senator McCarthy.

When the very respectable Murrow took on McCarthy there were many eyes opened which heretofore had been either naive or blasé. And when McCarthy attempted to label Murrow a Red, it clearly unmasked numerous similar charges which many had swallowed with little question. The Senator's free use of the Red adjective suddenly was revealed in its true light and the danger to freedom was made evident as never before.

Also of major importance to television fans in Warren county is the Pittsburgh boost in power. Many now are receiving Pittsburgh very well and it makes possible a choice of programs that is healthy for this fast growing medium.

Julius Caesar Approved

The new movie, Julius Caesar, was previewed in Jamestown, Saturday, with several Warren teachers invited. They say it is well done and follows the Shakespeare plot very closely. At the same time it is presented in so modern a technique that it is easily understood and enjoyed.

'THAT'S MY BOY' HAS PREMIERE APRIL 10

A new comedy series, *That's My Boy*, starring Eddie Mayehoff, makes its debut on WBEN-TV Saturday, April 10, at 10 P. M. Mayehoff will be seen as Jarring Jack Jackson, an extroverted upper-middle-class businessman who is anxious to have his son Junior follow in his athletic footsteps instead of burying his nose in books. Film actress Rochelle Hudson plays Jackson's wife, Alice, a former tennis star, who has a more realistic attitude toward life than her athletic-minded husband.

In the opening show Jarring Jack will be visited by his old football buddy. He solicits aid in convincing Junior (played by Gil Stratton Jr.) that he should attend Rossmore instead of some "intellectual eastern college." The original screen play of "That's My Boy" starred Martin and Lewis, and featured Mayehoff as Jackson.

Noted 'Amateurs' Booked For 1001st Ted Mack Show

Paul Winchell, Mimi Benzell, Teresa Brewer and Frank Fontaine will be among the "graduates" who will appear on the 1001st Amateur Night of the Original Amateur Hour on WBEN-TV Saturday evening, April 10, at 8:30.

BACK TO WHISKERS

This matter of literary critics or, as they are sometimes called, book reviewers. What has come over the boys these days? Just a lot of sissies they seem to me. Where is the old vim, the old pep? Bless my soul, I can remember the time when reviewers lived on raw meat, and an author who published a book did so at his own risk and generally came out of the encounter feeling as if he had been hit by an atom bomb and forcibly unclothed in public. But now the question "Have you read any good books lately?" is one which it is impossible to answer. To hear the reviewers tell it, there are no good books nowadays — only superb books, astounding books, vital books and books which we are not ashamed to say brought tears to our eyes.

Some people (who ought to be ashamed of themselves) attribute this tidal wave of sweetness and amiability to the fact that so many reviewers are novelists themselves. Old Bill, they say, who writes for the "Booksy Weekly," is not going to jump on Old Joe's "Sundered Souls" when he knows that his own "Storm Over Flatbush" is coming out next week and that Joe runs the book page of "The Spokesman."

This, of course, is not so. Nobody who really knows novelists and their flaming integrity would believe it for a moment. It is with genuine surprise that William, having added "Sundered Souls" to the list of the world's masterpieces, finds a week later that Joseph has done the same by "Storm Over Flatbush." An odd coincidence, he feels. No, the root of the whole trouble is that reviewers today, with the exception of a few of the younger set who have a sort of unpleasant downy growth alongside the ears, are all clean-shaven.

The connection between whiskers and caustic criticism is not hard to see. There is probably nothing which so soothes a man and puts him in a frame of mind to see only good in everything as a nice clean shave. He feels his smooth, pink cheeks, and the milk of human kindness begins to gurgle within him. "What a day!" he says as he looks out of the window. "What an egg!" he says as he starts his breakfast. And if he is a literary critic, "What a book!" he feels as he takes up the latest effort of some author who ought to be selling coals instead of writing novels.

But let a man omit to shave, and mark the result. He feels hot and scrubby. Within twelve hours his outlook has become jaundiced and captious. If his interests lie in the direction of politics, he goes out and investigates someone. If he is an employer of labor, he starts a lock-out. And if he is a reviewer, he sits down to write his review with the determination that by the time he has finished reading it the author will know he has been in a fight.

You have only to look about you to appreciate the truth of this. All whiskered things are testy and short-tempered pumas, wild cats, the old Edinburgh reviewers and — in the mating season — shrimps. Would Ben Johnson have knifed a man on account of some literary disagreement if he had not been whiskered to the eyebrows? Can you imagine a nation of spruce, clean-shaven Bolsheviks, smelling of witch hazel? There is only one thing to be done. We must go back to whiskers. And there must be no half measures. It is not enough for a critic to have a beard like Rex Stout's, which, though technically a beard, is not bushy enough to sour the natural kindness of his disposition. We must have the old Assyrian stuff, the sort of beards Hebrew minor prophets wore and those great, cascading, spade-shaped things grown by the great Victorians — whether under glass or not has never been ascertained. Then we shall begin to get somewhere.

I realize that I shall suffer myself from the change. There will be no more of those eulogies of my work like "Another Wodehouse" or "8 by 10 1-2, 255 pp" which I have been pasting into my scrapbook for so many years. But I am prepared to sacrifice myself for the sake of literature, and I know that a sudden outcropping of whiskers among critics would raise the whole standard of writing. A young author would think twice before starting his introspective novel of adolescence if he knew that it would be handed over for review to somebody who looked like the late Wilkie Collins. Nervous women would stop writing altogether, and what a break that would be for the reading public. The only novelists who would survive would be a small select group.

VOTED AGAIN for treasurer was Lawrence Whitten, a very capable man with the figures.

YOUNGVILLE'S Gilbert McCullough becomes the new recording secretary.

A FAMILIAR face to help the league is Nick Creola. He was elected chairman of the Junior loop for the fifth consecutive year.

BUSY GETTING the sponsors will be Irvine Poust. He takes over the financial secretary duties.

NEW PRESIDENT of the Warren Hot Stove loop is Roger Hendrickson (left). He succeeds Charles Musante (right) who has given his best since the league started five years ago.

Area Sports . . .

Hot Stove Launched Its Drive

Installation of new officers took the major portion of the second Hot Stove league meeting of the year. Roger Hendrickson took the helm of president, succeeding Charles Musante who has done an excellent job since the organization started five years ago.

Other officers elected were John Carbon, vice-president; Gilbert McCullough, recording secretary; Irvine Poust, financial secretary; Lawrence Whitten, treasurer. Nick Creola was nominated chairman of the Junior league for the fifth consecutive year.

Taking over his new post Roger Hendrickson expressed need for full cooperation from all sports fans and the community in order to keep the organization in full swing.

The Hot Stove has around 800 boys and 47 teams to supervise every summer. It is a big project to tackle and certainly the same small group who attends the meetings regularly cannot do the job alone. New faces will certainly be welcome on Wednesdays at the Trinity Memorial Church.

District leaders who were present included Albert Toner and Ralph Olson, Starbrick; Bill Oehlenschlager and Gilbert McCullough, Youngville; Irvine Poust, Wards one, two, three; Virgil Kittner, Ward nine; Dick Metzger, Clarendon; Nick Creola, Fourth Ward; Roger Hendrickson, North Warren; Lawrence Whitten, Fifth Ward; Charles Musante, Seventh Ward.

Registration was taken into consideration and final plans for this item is set for the next meeting. Treasury report for the 1953 season showed a total expense of \$4030.56. Most of the expenses were for 230 uniforms bought for \$1331.15, and \$3,574.24 for equipment. The sponsors gave a total of \$2700. Various donations brought in \$388. The income was \$4884.69, thus leaving a bank balance of \$854.33 for this year.

Training For Warren Trackmen Continues

According to head coach Loyal Briggs the Warren high track squad continues to be promising. Rain hasn't stopped the thin clads from heavy practices in the Beaty cinders.

This week a series of track and field events will be run-off. The

squad which had a hundred boys at the beginning of the spring drills is now down to 86. Many in this group are promising newcomers who will give the lettermen a tough tussle for their positions.

Y Keeps It Up

Various events and tournaments are keeping the Warren Y very active this week.

The senior and prep swimming teams travel to York Saturday to compete with the cream from twenty other Y organizations from our state. Warren is sending twenty boys and hopes to come back with some good results.

Plans are already in the making for another Y circus in November since the first was so successful last week.

The Y sports banquet takes place on April 21. Guest speaker is Arthur Burgess, northwest district secretary of the YMCA. Warren's Frank Felisi is master of ceremonies. Awards will be presented to the Rockets, winners of the City league, the varsity basketball squad, the swimming teams, handball champions, and gymnastics leaders. Tickets are \$1.50 and can be obtained at the Y.

Firing at the state armory range are 66 junior rifle members. The sharpshooters have been practicing for six weeks and 41 of them are now working for their pro-marksman achievements.

Quickies

Trying Again for a better turnout is the Warren Industrial softball loop. It meets Wednesday,

NEW PRO. A young golf professional with much experience might be the way to describe Paul Porter who assumed his duties as golf professional at the Conewango Valley County Club, April 1. Paul comes from the golfers' state, Texas, where he started his career as assistant to his home town pro at the Beaumont Country Club.

He also has assisted Rod Mundy, at York, Pa., James K. Thomson at Schenectady, N. Y., and Lou Worsham, at Oakmont in Pittsburgh. He then became head pro at the Madison Golf and Country Club, at Madison, Ohio, where he was teaching the game when he

decided to come to Warren.

Paul also has seen training under fire with three seasons on the big time tour in 1948, 1949, and 1950. His major success was qualification for the Professional Golf Association championship in 1951.

Paul knows a bit about other sports, too, having earned a football scholarship at Notre Dame which he attended for two years. He also has served in the navy.

His wife and two children have moved to Warren with him and already have found a new home near the club on the Warren-Jamestown highway.

April 24, at 7:30, in the Warren Y. Elections, rosters, schedules, and rules will be discussed.

Winning the state's class C playoff must have been too much for West Middlesex. Next year, with a larger enrollment, it moves up to the class A, Section III, district ten loop.

Open To All area boys between the ages of eleven and fifteen is the Erie soap box derby. If you are interested write to Lee Warthman in Erie for full information. The race is set for the month of July.

A Golf Driving Range is shaping up near Warren and plans are nearly completed to assure the project. It will be located within two miles of Warren, with at least ten tees as a starter to see how he public responds.

Warren Will be host to the northwest district junior rifle tournament on April 24, at the state armory. Wellsville and Bradford are in, more teams from this area are wanted. Wellsville will bear watching with the girl national champ on its roster.

You Can Hear all the Pittsburgh Pirates' baseball games over WN AE this season. WRRN-FM is carrying the Cleveland Indians day

and night contests. Jamestown's WJTN has the New York Yankees. All Pittsburgh road games will be televised over WENS, a station not powerful enough for this area to receive yet.

Look For the batting averages to go up this season in the Major leagues. The sacrifice fly rule has been revived. This year if a batter scores a runner from third on a fly it will be scored as a sacrifice. The player will not be charged with a time at bat and gets a run batted in if the baserunner scores.

Everyday Psychology by Dr. Norman C. Morgan

There is such an appeal to the sporty young college man with his careless manner concealing a careful attention to the latest styles. It is hard to realize that a husky young athlete who also manages to hit off a good high mark can have any troubles.

One time just such a young man came to me. The listing of his college achievements alone would have made him the pride of the campus, and in addition he had an engaging personality that would have been a ticket through life in itself.

Nevertheless, he had troubles. Not very serious troubles, to be sure, but to him they were paralyzing. He felt that he was pushing himself to keep up the minimum work on his numerous extra interests and his scholastic work had dropped alarmingly.

For six months he had suffered periods of anxiety and tension that made him unable to sleep, to concentrate, or to be with other people comfortably. He had tried to understand the cause of the trouble and had searched every aspect of his personality. He had studied some psychology and had faith in the belief that his symptoms must have some rational explanation. For a while he considered his symptoms a sign of weakness and pride in his campus position kept him from confiding in his friends and professors.

Finally he went to his dean. This kindly gentleman could only believe what he could see and he told the youth that he looked all right to him. He said there could be nothing wrong with a young man of his accomplishment and to forget the symptoms. Since the boy had been trying this formula for months, he gained little help from such advice.

Another time he tried to get help from a professor who tried to interest him in a religion that was so different from his own that it was of no help to him. He was at the moment not able to find help from religion because he was so preoccupied with his symptoms.

The real solution to his problem began to develop somewhat accidentally when he was thrown into a social situation that was unique for him. Always before he had been in activities where he had to produce tangible results: win a baseball game, excel in his sport, successfully lead a group as its president, produce a finished paper or magazine as its editor. Being somewhat afraid of intimate feelings, he had kept himself a little apart from people by always being top man.

Now he found himself an undistinguished member of a committee to produce a mid-year gala ball in which imagination could run wild and congeniality was the only important ingredient. He was able to develop a relaxed feeling with other people that he had not known even before his symptoms first developed. He did not think of himself as the center of responsibility, but thought in terms of the group having fun together.

He believes, and I do too, that this new kind of experience helped this young man to supplement his many talents with a genuine feeling for other people and a desire to know them as people. After he saw improvement in himself and believed that he was not really losing his mind, he had the courage to consult a psychiatrist about what was going on.

He would have recovered from the symptoms in time by himself. However, a short period of treatment helped him gain an understanding of his experience so that another episode is not likely to occur. This sort of thing is not uncommon in adolescents and young people. It is not so much an illness as part of growing up. A little help at such a time will prevent symptoms from becoming emotional habits which constrict the personality.

Washington And You By Margaret Chase Smith

WASHINGTON. -- The gravity of the situation in Indo-China is becoming increasingly evident to the American people.

Indo-China, in some respects, is like Korea. Both are in Asia. Both were invaded and occupied by the Japanese in World War II. Both were steps in the Japanese drive for domination of Southeast Asia and China in World War II. Both are coveted steps in the design of the Reds to take over that part of the world. Both are areas of the choosing of the enemy to fight his kind of war where he wants to fight it.

But Indo-China also is different. It is much more important in strategic materials than Korea. The importance of Korea to the United States principally was, first, if we did not stand in Korea against Communist aggression it would have been just a matter of time where we would make our stand and, second, if Korea were lost to the Reds then Japan would be caught in a giant Communist pincers between the Red-held Kuriles to the north of Japan and Korea to the south.

Indo-China is much more important to us than Korea. And the best way to state that importance is to say that Indo-China is the gateway to Southeast Asia, the richest strategic materials area of Asia. It is the rice bowl of the world — and rice is the most important of all foods to the people of Asia, an area of hungry people upon whose hunger communism feeds.

Indo-China is the veritable key-stone for this area, which produces four-fifths of the world's supply of natural rubber and a half of the world's tin. It produces important

quantities of chrome, manganese, timber and some oil. Phosphate, copra, zinc and some precious metals also are found in Indo-China.

Equally important is the pivotal position of Indo-China militarily and geographically in Southeast Asia. If Indo-China falls to the Communists, then Burma, Thailand, Malaya and Indonesia would not long remain free from the Reds. The calamity of the loss of this area in materialistic, psychological, political, and economic terms is obvious.

But the effect would not be limited merely to these countries. For the Communist threat would then be brought even closer and more pressingly upon India and Pakistan. The economic effect would extend to Japan, whose manufacturing plants and skilled manpower are greedily coveted by the Reds.

These are the grim facts about Indo-China. They tell the unpleasant truth of what we stand to lose if Indo-China falls to the Reds.

BUYERS' CORNER

Many of our readers will be affected by the new rates that are being sought by the United Natural Gas company. These start at \$1.75 for the first thousand if you do not heat with gas and \$2.50 if you do, an increase of 75 cents. From there on it increases five cents, or 70 cents a thousand after the first thousand and up to 6,000. The next bracket up to 15,000 is up four cents to make it 64 cents a

thousand, the next rate is 58 cents, and then as it gets into the millions it drops back into the lower fifty-odd cent figures with an increase of three cents per thousand.

This is a utility and your Public Utility Commission in Harrisburg is supposed to decide if the raise is justified. It, of course, welcomes letters from consumers to hear their side of the story.

How much effect the weakening of the Federal Power Commission by one faction of GOP congressmen has on such rate increases we can not accurately predict, but the United Natural Gas Company states that more than a million dollars of the increased operating costs is due to pipeline companies raising their rates. The jurisdiction of the FPC over these rates has been greatly weakened, and if the Commission's policy in the past two years has given cause for higher rates, more increases can be expected in the future if that power is to be even less effective.

The weakening of controls over utilities from the top down has started and the result can be expected to be costly to the consumer in the future.

The real enemies of democracy are those who fail to make it work. Communism and socialism will be given no excuse for existing if we provide safeguards within our democratic framework.

There are some facilities which are best provided by monopolies, but these monopolies must exist as controlled grants from the people. That is why we need public power and public utility commissions which are representative of the people and not of the few who control major portions of various industries.

A truly enlightened public is the answer. Even free elections are of little value unless the voters are aware of the facts. An informed public can protect itself by intelligent use of the polls at election time.

Coffee Moves Upward

The price of your coffee is going up again. And we are not referring to the five cent increases leading chains, such as A and P, made this week. This chain has coffee selling in its stores on a range from \$1.09 to \$1.17. Most leading roasters and wholesalers are expected to place the price at \$1.16 this week.

But this is not the end. Before the last of this month you can expect coffee to cost as much as \$1.50 a pound. The reason given is that the green beans purchased before Brazil started its increases have been used up and the new costs now are being added directly. This suggests to us that the big wholesalers have some major explaining to do about previous increases.

But the cost isn't really as great as we make out. For the group preparation of coffee you can get about fifty cups out of a pound. For family use you should get at least forty. Even at \$1.50 a pound the cost is only three cents a cup. If you like it black, three cents and a cup of hot water makes you happy. Right now it is only 2 1-2 cents.

Fight Cancer Claims

The cigaret industry has chosen this month, when most of us are concentrating on the fight against cancer by giving money to the drive, to present a counter attack against the claims that cigarets are suspected of having a close relation with lung cancer. The answer is expected about April 15.

The industry at that time can be expected to state that the cancer claims have not harmed the sale of cigarets very much, and that the unfavorable publicity has caused a switch to filter tips and the longer fags.

Obviously neither side has established the complete truth. Meanwhile, the average smoker must decide if a habit is worth risking his life, a risk he must take until definite proof is provided. The day either side can prove that tobacco is or is not a cause of cancer we will have taken a major step toward the cure of the disease because we either will have eliminated or isolated several highly suspicious elements, or combinations thereof.

High Cost of News

You might as well get ready for another increase in your newspaper bill, and in our case it won't be due to a better quality paper stock. The cause will be increased postage. To encourage and help ensure free press, newspapers have been given very low rates for mail customers. But the present postmaster general already has allowed these to go up about thirty percent, and if he has his way another thirty percent increase may be effected.

Warren Bowlers Go Big

Myer Pappalardo and his companion K of C bowlers from Warren made quite a splash in the national K of C tournament at Buffalo this past week-end. Myer is in first place in the all events with 1776 and leads the singles with 637.

In second position in the team event is the Notre Dame five, consisting of Myer, Andy Randinelli, Frank Gerardi, Paul Coppola, and Pete Juliano. They spilled 2770.

In the handicap division Fordham is second with 2984, rolled by Mike Bleech, Fred Gagliardi, Pete Nichols, Fred Aumer, and Louie Vescio. The Duquesne team of Tony Fazio, Jim Thomas, John Salamon, Sam Gerardi, and Tom Masterson hit 2969 for a money spot, and the Notre Dame boys had 2905, giving them another chance for a pay-off.

In the doubles the team of Dan Doherty and Gus Cerra had 1244 to take over second spot. Sam Gerardi and John Salamon hit 1228, Tony Fazio and Al Chiaromonte rolled 1206, and Paul Coppola and Frank Gerardi had 1205.

Bob Haben has the top rung in the handicap singles for the moment with 655. Myer Pappalardo shot 649. G. Stec posted 642, Louie Salerno bowled 641, and Gene Manfrey scored 633. Eleven others also had over 600.

Well up in the handicap all-events is Sam Gerardi with 1845. The tournament runs several weeks, but the Warren boys should do very well.

Splits And Spares

Down the Line slips Nummy Wooster's 1134 in the Jamestown Ten Pin Sweeps. It now isn't listed in the top twenty-five. But 1044 and better still is in the money. Harry Olson, of Bradford, once a 200 average bowler in the old Inter City loop, is leading the 185 average and under tournament with 1238.

Fifty Warren Girls take off for Syracuse tomorrow. They will bowl their team event in the national tournament at ten o'clock, Saturday night, and their doubles and singles at three o'clock Sunday.

The First Set of Warren ladies to fire in the Frewsburg doubles and singles handicap tourney is scheduled for April 22. Thirty-two will take part.

A Squad Of Men from Warren will support Sam Munella's 15th annual Bowladrome sweepstakes at Falconer, which starts April 24 and runs a week. See Pete Juliano if you want to be included...And some of the boys are going to Erie for a shot at the Blue Ribbon sweeps.

Two Banquets for the lady keggers are shaping up. The Association repast will be served May 6 and the City-Major dinner on May 13. Both will be held at the Hotel Carver.

Earn State Honors

MANY HONORS came to Warren county last week at the ninth annual convention of the Pennsylvania Future Homemakers of America, attended by 1200 high school girls. The highest honor in the state organization, the State Homemakers degree, was awarded only twenty-one out of the 1200, and two of these were seniors from the Northern Area Joint High School at Sugar Grove.

The Warren county Misses are Isabelle Carlson and Helen Farquis. Their leader is Miss Elverda M. Fagley, Homemaking Education adviser for Warren, McKean, Forest, and Elk counties, and Region A adviser for eighteen Northwestern Pennsylvania counties for the past two years, who was one of eight adults awarded Honorary membership to the State FHA organization, the first to receive such an honor in Warren county.

Selected to sing in the all-state chorus was another Sugar Grove girl, Miss Eleanor Brown. The chorus sang at the banquet and took part in the pageant.

Roll-Off Winners of the Industrial league is the Warren County Motor team, composed of J. F., J. E., and Andy Randinelli, Louie Vescio, and Frank Suppa. They rolled 2702 to top Farr Sport Shop's 2567. In the annual tournament for the league, Mike Bleech was the top man with 651 and 32 handicap pins for 683. Wally Johnson had 677 and Bob Hedberg 657.

League Scoring

In regulation league play Barney Senger had 642 to top the City league and Pete Juliano had 252. Vern Mellander fired 236, 629 in the Merchants, Pete Juliano paced the field with 673 in the Commercial, followed by Frank Willard, 244, 621, and Dr. Jim Giunta, 601.

Cliff Ryberg had 236, 599 in the Junior Industrial, and Al VerMil-yea shot 585 in the Mixed league. George Coveney led the Sylvania with 235, 551, and the Welds will meet the Half Wires for the championship.

Shop league, Harold Kiser, 527; K of C American, Sam Gerardi, 529; Ex. Servicemen, Cal Lawson, 230, 579; New Process, Mush Hedges, 505.

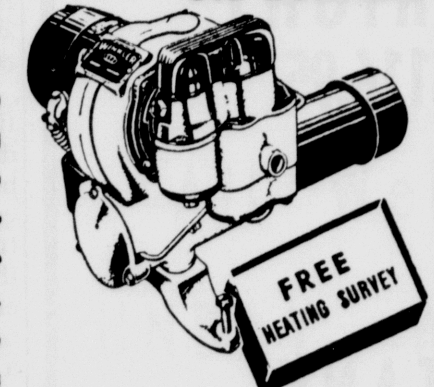

ges, 505; National K of C, Paul Coppola, 573.

And The Ladies

Gloria Barone had 513 in the City league for the best. Evelyn Felder had 503 in the same circuit. Joan Shetty fired 508 in the Minor, Jeannette Harvey hit 507 in the Major, Janet Mellander rolled 459 in the Class C, Dolores Massa spilled 456 in the Mixed, Charlott Hart had 445 in the Warren Plastic, and Joyce Cromwell posted 443 in Peg's league.

OUTDOORS

Bass fishermen, who must wait a few months for their fun in Pennsylvania, will be eligible for \$14,000 in prizes this year, according to Dick Ross, owner of the Western Auto Associate store in Warren. Western Auto Supply Company is reviving its contest with prizes for fishermen in thirty-five states. You need not catch your fish in Pennsylvania, but you must enter it within fifteen days after making the catch, and you will be eligible only in the state where it is entered. Each state has its own prizes.

First prize in Pennsylvania is a 6 H. P. Wizard outboard motor,

valued at \$184.50, and possibly pictured on some page of this issue. Second, third, and fourth in Pennsylvania are complete fishing outfits, and there are \$1400 in bonus prizes. Check at the Western Auto for the rules and entry blanks.

The poor cat, without benefit of license, takes a beating at the hands of those who believe game should be reserved for shooting and not for the tummy of a feline. And the fox, which is about as easy to trap as any animal you can name, also is loaded with bounty, hunted by packs of gunmen, and blamed for rabbits the nimrod didn't see.

But you can add to this list a very good friend of man — his dog. Away from his human friends he reverts to his natural way of hunting, and everything from the nests of young wildlife to the fleet deer suffers. Game protectors have caught many dogs in the act of running helpless deer to earth and the fellow who snores gently by your feet at the fireside is an ugly

YOUTH FOR CHRIST ATTRACTS LARGE CONGREGATIONS

Part of the congregation of nearly 100 which attended the service of the Warren County Youth for Christ held Saturday evening, Mar. 27. In the front row are Rev.

Eastup of Covington, Ky., speaker for the meeting, and Rev. Ernest A. Hook of the Pennsylvania ave. Baptist church of Warren. Rev. Hook presides over the pre-service prayer meetings which are held weekly. The organization meets every Saturday at 8:00 p. m. in

the Bethel Evangelical United Brethren church of Warren. Rev. J. B. Sheffer, Wesleyan Methodist minister will speak this week and a film entitled "Great Light" which was made in Germany is scheduled for April 17.

EXECUTIVE COMMITTEE AND CHOIR OF YOUTH FOR CHRIST

Pictured in front of the choir (left to right) are Director Rex Meleen, Marjorie Olney, Jean Danielson, program chairman, Ruth Danielson, treasurer, Louis Johnson, head usher, Calvin Gage, as-

sistant director and Ernest Kaebnick, Jr., song leader, at the close of the meeting held March 27. Mr. Meleen reported that the organization is conducting a week of revival and evangelistic services under the leadership of Rev. Jack

Warner, director of Youth for Christ of Jamestown, from May 8 through May 15. At 6:30 a. m. an Easter sunrise service will be held in the Swedish Covenant church at Chandlers Valley with Rev. Gustav Erickson, pastor of the Landers' Methodist church, as speaker.

creature when a bleating and wounded deer stands reeling before him. You wouldn't recognize Fido.

Of course you are liable for this destruction. You are liable for poultry, livestock, and humans harmed by your dog. Licensed or not he is not free to roam the woodlands without your company.

The Game Commission is driving this point home right now because of the critical period before us if we want game to kill next fall. Animals cut down by dogs at this time may mean more loss than the single kill. Today it is parent stock, and the young, born or otherwise, may be lost also.

We know of dogs that never are tied up. We see them running every day and the further they get from home the more wolf-like they become, slinking along in pairs and trios, often with a leader who sets the pace and runs the show. Younger dogs step into line and develop bad habits that might not become a part of them if they were kept at home and used as exercise for their master or mistress.

Those who do not have time to exercise and train dogs should not own them. An alternative is a penned area, but there still is need of free running and new adventure, under the watchful eye of the owner. A dog can be trained to stay within bounds, and he can be taught the right habits. But most of them are not, and the free running pooch is not a friend of the hunter, nor of mankind.

* * *

A record number of rabbits was added to the hunting grounds in Pennsylvania this winter. The trapping of rabbits by game protectors, paid trappers, and sportsmen provided 59,000 cottontails, caught on

areas not open to hunting, and released where most of them will be ready for shooting next November. The record number (a thousand more than 51-52) was accomplished by shortening the project to a

single month of concentrated effort, and not only gained more catches but also saved money. This is good brood stock, because it is native, hardy, and already acclimated.

JOHN KYLANDER, son of Mr. and Mrs. Herman Kylander, Warren RD one, arrived home last week from a tour of service with the U. S. Army which took him to Korea, Japan, and other Far Eastern ports. John has been in the service since 1952. Welcome home, John.

YOU KNOW

Big Changes are being made at the White Way Drive-In theatre. A cinemascope screen is being erected to modernize this play area. A novel idea for drive-ins also will be introduced when three hundred outdoor seats are installed at a central for those who prefer to sit in the fresh air on warm summer evenings.

Expanding into Corry is a well known Warren county business. It will provide a service for water consumers.

Easter Week Store Hours for Warren call for closing Good Friday, from noon to three and staying open all day Wednesday.

Daylight Saving in accordance with the rest of the nation will be urged by the Warren Chamber of Commerce, Monday night, when it will have a speaker at the Warren borough council meeting.

A Special Sales Promotion is in the cards for Warren in May, June, and July, with two dozen merchants punching special days with bargains and ads. And George Frantz already is busy with plans for the Warren Chamber's annual merchants picnic.

Back In School is John Powley, Warren insurance agent, who is one of thirty-two attending a sales school conducted by Farm Bureau Insurance Companies of Columbus, Ohio. It lasts through this week.

Closing Up is half a store in Warren. A stock sell-out probably will be announced soon, and it will leave three empty store fronts in one downtown block.

A New Superintendent of Warren county schools will be elected Tuesday morning. The school directors will make their choice of a successor for H. L. Blair, who is retiring.

What Happens To Patients after the Warren State hospital cures them is the subject of a pilot study which is to be made with the help of \$25,000 provided by the National Institute of Mental Health. The hospital already has attracted nationwide interest because of its research figures on the hospital outcome of consecutive admissions from 1913 to date. It knows it is curing 81 percent of those under sixty, but it lacks data on what happened to patients during the five, ten, and twenty year periods after they left the institution. The grant will be spent over a period of two years, \$15,000 this year, and \$10,000 in 1955.

PERSONALITIES IN THE NEWS. Our camera was delighted to focus on these gentlemen: Anthony Regina and Henry Walker. Regina was on the entertainment detail of the Akeley Scouts Sugaring out party and is likely to be seen this month on Ted Mack's TV show, and Hank Walker was the party's MC. Also: Mr. Walker, was appointed head of the communications division of Warren County's Civilian Defense.....last Thursday.

Warren School Budget Climbs Over \$800,000

No tax increase is planned by the Warren Boro School Board which held a brief meeting Monday night and heard the committee on finance propose a budget totaling \$878,963.40 for the coming year. If approved, a tax levy of 21 mills, \$5 per capita, and a \$5 per resident tax for all over 21 years of age would be in order. The final hearing for adoption will be May 3rd.

Receipts from the state for the lunchroom fund for month of February were reported at \$928.40; health program for January, \$480.75, and for February the health program receipts were \$424.50.

The board approved entering contracts with Mrs. Brown for transporting students from South Side to McClintock school, and with Lawrence Jenkins for delivering youngsters to South Street school. Other approvals were: Six elementary teachers attending social studies Conference at Edinboro on April 8; Joseph Spence, the elementary art supervisors convention also to be held in Edinboro, on April 9 and 10; Dr. Robert Probst as acting dental Clinician until Dr. McAlpin is physically able to return to work; entering contract with Peterson Penmanship company, Greensburg, for penmanship work in elementary grades.

Special Services were approved in the amount of \$189.00; janitors overtime \$11.88; substitutes employed \$390; and orders written for the month, \$193.80.

Building and Grounds committee recommended that Home Street mothers be given permission to use Home Street School for a club social on May 7, and McClintock be used for four meetings in the interest of organizing a cub scout group in the West Side.

The board accepted an offer to purchase the Beaty property along Conewango ave., on Beaty field from Dr. Elizabeth Beaty's estate, the only condition being that Mr. Ruhlman, a long and entrusted employee of the Beaty's who lives in the house on the property, be given permission to remain there as long as he desires.

The treasurer's report came to \$96,172.09, with \$53,000 as a semi-annual payment to the Warren Boro Authority for payment on the Jefferson school, and \$29,000 as a regular payment to the Jointure.

The board accepted the resignations of Miss Anna K. Lawson and Miss Shirley Smith. One new teacher, Miss Eugenia Price, was elected to replace Miss Smith.

JUGGLING ACT was presented at the Akeley Scout sugaring party by Jamestown's Doc Crosby's students, Joan Halberg and Carol Larson. The girls will be featured on Buffalo TV, May 1st.

AFTER PROGRAM OF COLOR SLIDES on the Scouts' trip last year to California, presented by Mr. Earl Mohnkern, the folks were entertained by Akeley comedians, Ted and Howard Fox, at the Akeley Scout sugaring party.

ATTENDED ERIE'S STRONG VINCENT, for the annual northwest Pennsylvania Student Council Conference, Monday and Tuesday. Warren high school was host to this conference during 1952-1953. Warren high school delegates in the picture, 1. to r., front row, Carol Saglimbene, Karen Chapman, Judy

Miner, Margaret Peterson, and Harold Peterson. Second row, Robert Smith, Thomas Creal, Ernest Kaebnick, David Lindbergh, and David Fitzgerald. Third row, Miss Jean Spencer, faculty sponsor, Charles Eaton, and Mary Ann Watt.

BOY SCOUTS UP AKELEY WAY had a Sugaring out party last week at the Akeley Grange Hall where they were treated with entertainment and a diet of maple sugar. Here our camera catches a panel of scouts stirring maple syrup into sugar candy.

MR. CHARLES "CHUCK" KOEBLEY. With the Floridin company to Florida this week goes one of Warren's most active natives. Especially hit will be the YMCA where he held several offices, including membership on the board of directors, physical education committee, delegate of the national YMCA council for the northwest district of Pennsylvania, member of the 1955 Paris Convention Committee, and others. Mr. Koebley is treasurer for the Floridin company. He takes with him his wife, Lavina, his son, Kevin, as well as the best wishes of Warren.
